

We are a Voice 21 Oracy Centre of Excellence 2024

We are proud to have been recognised as a **Voice 21 Oracy Centre of Excellence** for our work in developing students' oracy (speaking and listening) skills.

Being accredited as a Voice 21 Centre of Excellence certifies and celebrates that we are leading the way in providing a high-quality oracy education for students and acting as a beacon of good practice for over 1000 schools nationwide.

In Voice 21 Oracy Schools, students learn the oracy skills they need to succeed in school and in life.

Why oracy matters?

By teaching students to become effective speakers and listeners we empower them to better understand themselves, each other and the world around them.

- Speaking and listening skills are critical foundations for reading and writing.
- Students with better oral language skills are more likely to achieve the highest grades in GCSE Maths and English.
- Young people with good communication skills are less likely to have mental health difficulties.

As a Voice 21 Oracy Centre of Excellence, we put oracy at the heart of our teaching and learning across all subject areas, enabling students to develop and deepen their knowledge and understanding through talk in the classroom.

We support our students to become articulate communicators who are able to present themselves confidently across a range of settings and contexts, from group discussions to formal presentations.

In Voice 21 Oracy Schools:

- 89% of students agree/strongly agree that speaking and listening have helped them make progress with their school work.
- 77% of teachers said that oracy had boosted attainment.
- 96% of teachers said that oracy is an essential part of teaching and learning.

About Voice 21

Voice 21 is the UK's leading oracy education charity. It works with schools to transform the learning and life chances of young people through talk so that all children can use their voice for success in school and in life. Since its launch in 2015, it has worked with over 1200 schools and 10,000 teachers across the UK, reaching more than 290,000 students through its work.

Oracy is the ability to articulate ideas, develop understanding and engage with others through spoken language. In school, oracy is a powerful tool for learning; by teaching students to become more effective speakers and listeners, we empower them to find their voice for success in school and life. It underpins young people's progress and development: their literacy and numeracy, academic attainment, wellbeing, confidence and future prospects in further or higher education and employment.
