

ahimsa	avoiding harm to living things
reincarnation	rebirth of a soul in another form
animal rights	the idea animals deserve protection from harm
ethicall	relating to ideas about right and wrong

Big Question: What do different religions say about how animals should be treated?

- How do religious beliefs influence how animals are treated?
- Why do different religions have different rules about animals?
- Are animals equal to humans?
- Should animals have rights?
- What responsibilities do humans have towards animals?
